PROFESSIONAL SUMMARY

Results-oriented Monitoring & Evaluation specialist with extensive experience in designing, managing, and operationalizing M&E frameworks across public sector initiatives and startup ecosystems. Skilled in stakeholder coordination, project documentation, reporting, and translating evidence into actionable insights for policy and program decision-making. Proven track record in managing council governance meetings, startup acceleration cohorts, and evaluation studies to drive measurable outcomes.

CORE COMPETENCIES

Monitoring & Evaluation Framework Design | Project Management & Governance Oversight | Data Management & Reporting (Excel) | Policy & Program Documentation | Stakeholder Coordination (Government, Donors, Startups) | Project Evaluation (Baseline, Midline, Endline) | Dashboard Oversight & Performance Metrics | Written & Verbal Communication (English & Urdu)

EXPERIENCE

NIC Karachi

Monitoring & Evaluation Specialist

since March 2023

- Designed, operationalized, and monitored M&E frameworks for startup acceleration programs and Women in Tech Council initiatives.
- Documented and managed council meetings and stakeholder engagement sessions for ESG-oriented startups in the textile and other sectors.
- Led evaluation of **Acceleration Cohort 1**, reporting 100% startup success rate, including follow-up analysis and impact measurement.
- Coordinated startup networking and pitching events, ensuring proper documentation, reporting, and investor feedback integration.
- Prepared project reports, policy briefs, and sub-committee updates for NIC governance and donor presentations.
- Supported startup and corporate collaboration initiatives, emphasizing sectoral insights and ESG alignment.

Additional Highlights

- Strong familiarity with Pakistan's public sector governance and social programs.
- Experienced in translating M&E data into actionable insights for decision-makers.
- Demonstrated ability to manage multiple projects concurrently with timely reporting.

Program and Ecosystem Operations (Additional Responsibilities)

Innovation, Startup, and Corporate Collaboration Programs

- **Shark Tank Initiatives** – Led the evaluation and preparation of startups for investor pitching, assessing their readiness, refining their presentations, and ensuring only high-potential ventures were showcased to investors.
- **Built By Her 4** – Monitored women-led startup acceleration program, reporting success metrics and program impact.
- **PUAN (Pakistan US Alumni Network)** – Coordinated M&E of alumni engagement programs, including documentation and reporting.
- **Councils** – Managed Women in Tech Council and other governance meetings, documented outcomes, and tracked ESG-aligned initiatives.
- **Startup Networking & Pitching Event** – Owned the end-to-end management of the event, including **strategically engaging key investors and ecosystem stakeholders, curating high-potential startups, and refining pitch readiness**. Directed investor sessions, oversaw presentation quality, and captured insights for follow-up actions and investment decision-making.
- **Impact Collective** – Monitored and evaluated sector-specific startup programs, tracked KPIs, and prepared impact summaries.

RIPPLE MATCH

Freelance Recruiter

June 2021-- Dec 2022

- Worked collaboratively with U.S.-based teams to manage recruitment pipelines using AI-powered platforms.
- Provided data-backed recommendations during candidate shortlisting and screening to optimize hiring outcomes.
- Maintained accurate records and dashboards reflecting candidate metrics, performance, and placement data.

TCS EXPRESS & LOGISTICS HEADQUARTERS

Karachi

Sr. Customer Care Claims Executive

Oct 2015 – Jan 2019

- Analyzed customer claim trends and developed documentation workflows to streamline operations.
- Monitored project performance across key logistics campaigns (e.g., Black Friday, 60-minute delivery), ensuring timely issue resolution and stakeholder updates.
- Participated in revamping claims policy, identifying process inefficiencies, and proposing corrective measures.
- Coordinated with cross-departmental stakeholders (Operations, Finance, Legal) to ensure timely project execution and compliance.

COURSES & CERTIFICATIONS

- Certified trainer from the School of Leadership.
- Applied Scrum for Agile Project Management.
- Data Analytics from AtomCamp.
